Data is from the same or similar billing period last year. To see how your usage compares with your suburb, similar sized homes, or to access popular energy saving tips, visit synergy.net.au/myaccount

1 Account details

This includes your Synergy account number, which you'll need to keep handy if you contact us, as well as the invoice number to help us identify which bill you're discussing.

2 Customer details

This is the name and mailing address details of the Synergy account holder. You'll need to use this name exactly as it appears on your bill when signing up for **My Account**.

3 Opening balance

The opening balance details any credit amount, outstanding or overdue amounts you may have on your account. A darker coloured box means you have an overdue amount that requires urgent attention.

4 This bill

The total of any new charges, adjustments and consumption for this billing period will be displayed here. The breakdown is also detailed under the 'This bill' section of your bill.

5 Total

The total includes any credits or outstanding amounts you may have, plus any new charges. If your total includes an opening balance of outstanding and overdue amounts, this will affect when the different amounts are due. We'll break this down in more detail underneath the total, so you know what needs to be paid first.

6 Customer alerts

Any important alerts or useful product and service messages are included in the middle of the bill.

7 Usage graph

The usage graph compares your consumption across different billing periods, and is a great way to see how you're tracking. If your bill has been estimated by Western Power, we'll let you know here and 'This bill' in the graph will change to white.

8 Average cost

Your average daily cost includes your consumption and any other charges such as the daily Western Power supply charge and GST.

9 My Account

For more detailed suburb or household comparisons, sign up for or log in to **My Account** and complete your household profile.

10 Payment options

The payment slip features all the ways you can pay, including the convenient **Direct Debit** option.

11 Payment number

You'll need your payment number to make payments using BPAY, to set up BPAY View, or to make a payment by Credit or Debit Card – so keep this handy!

Payment options

10 **Direct Debit**

12 Account Summary

This section features the details of your previous bill and any payments or adjustments made since. If you have a bill reversal, your reversed charges will be included in this line item. This section determines the opening balance from the front of your bill. The total amount will always match the amount displayed on the front of the bill.

13 Adjustments

This section details the amount that has been reversed on your bill and the reason why. If multiple bills have been reversed, these will be listed here. This is provided for your reference.

14 Credits

This section displays credits that have been applied to your electricity account. If there is overdue debt on your account, the credit will be applied to this amount first.

15 Energy supply details

Here you'll find your supply address and the NMI, which is the number for your connection point. The next scheduled read date is when Western Power will read your meter. If you're a self-reader, this is the date for you to supply your reading details to Western Power.

16 Supply period

The supply period is the date your meter was last read by Western Power or if you're a self reader, up to the current read date.

17 Important Information

This section details further important information relating to your Synergy account, including how to request a payment extension, and the Western Power fault line in the case of an emergency.

18 How to contact us

We're always here to help, and this details how to contact us if and when you need to.
